Dear Maria Deeb:

Your request for a blanket permit has been approved and a copy of the permit is attached for your records. Please read the specification and standards which are part of your approved permit.

This permit is issued to expedite emergency repairs and routine maintenance of your facilities. When you have determined that a condition exists that presents a hazard or emergency situation, proceed with the necessary repairs as specified in your permit and follow up with notification to ADOT.

Routine Maintenance, as identified in the approved permit, will require prior notification. The appropriate ADOT Office(s) identified in your permit should be contacted to coordinate your work.

Upon completing emergency or maintenance work, please supply the Maintenance office with drawings showing construction details and a written explanation of the nature of the emergency or work performed. **No facilities may be abandoned under this permit.**

Permittee shall notify the ADOT Traffic Operations Center at 602-257-1563 and the Central District Permit office of any emergency or maintenance encroaching in ADOT right-of-way.

The safety of your workers and the users of the State Highway are of great concern to us. Prior to beginning work please ensure you are in compliance with the Traffic Control requirements of your permit.

If I may be of any further assistance to you, please feel free to contact me at .

Sincerely,
