RE: ADOT BLANKET PERMIT NO: **1208543** / Various Locations

Dear Adam Barrier:

Your request for a blanket permit has been approved and a copy of the permit is attached for your records, valid until 11/22/2025. Please read the specification and standards which are part of your approved permit.

This permit is issued to expedite emergency repairs and routine maintenance of your facilities. When you have determined that a condition exists that presents a hazard or emergency situation, proceed with the necessary repairs as specified in your permit and follow up with notification to ADOT.

Routine Maintenance, as identified in the approved permit, **will require prior notification**. The appropriate ADOT Office(s) identified in your permit should be contacted to coordinate your work.

Upon completing emergency work, please supply the Maintenance office with drawings showing construction details and a written explanation of the nature of the emergency or work performed. Prior to starting work regarding routine maintenance work, please supply the Maintenance office with drawings showing construction details and a written explanation of the nature of the work performed. **No facilities may be abandoned under this permit.**

Permittee shall notify the **ADOT Traffic Operations Center at 602-257-1563** and the **Central District Permit office 602-712-6954** of any emergency or maintenance encroaching in ADOT right-of-way.

The safety of your workers and the users of the State Highway are of great concern to us. Prior to beginning work please ensure you are in compliance with the Traffic Control requirements of your permit.

If I may be of any further assistance to you, please feel free to contact me at 602-856-3567.

Sincerely,

Courtney Mowrer

ENCROACHMENT PERMIT APPLICATION GENERAL OBLIGATIONS AND RESPONSIBILITIES

THE PERMITTEE SHALL:

1. Assume all legal liability and financial responsibility for the encroachment activity for the duration of the encroachment, including indemnify, defend, and save harmless ADOT and the State of Arizona and any of its departments, agencies, boards, commissions, universities, officers, officials, agents and employees from and against any and all claims, demands, suits, actions, proceedings, loss, costs, damages of every kind, or expenses, including court costs, reasonable attorney's fees and/or litigation expenses, and costs of claim processing and investigation, arising out of bodily injury or death of any person, or tangible or intangible property damage, caused, or alleged to be caused, in whole or in part, by the negligent or willful acts, or omissions of the Permittee, any of its directors, officers, agents, employees, or volunteers, or its contractor or subcontractors. This indemnity includes any claim or amount arising out of or recovered under the Workers' Compensation Law or arising out of the contractor's failure to conform to any federal, state or local law, statute, ordinance, rule, regulation or court decree. Permittee and Contractor agree to provide ADOT with certificate(s) of insurance (COI) consistent with the requirements stated in the ADOT Permit Insurance Matrix and to provide the State of Arizona/ADOT with endorsements or evidence to satisfy the Additional Insured, Waiver of Subrogation and Primary/Non-Contributory coverage requirements. The required insurance shall be kept in force by the Permittee and its contractors/subcontractors for the term of the permit and shall not expire, be canceled or materially changed to affect coverage available to the State without thirty (30) days written notice to the State. Automobile and Worker's Compensation coverage requirements are dependent upon the use of employees and autos for the encroachment activity. Permittee agrees to maintain and make available to ADOT all contractors/subcontractors' certificates upon demand. ADOT reserves the right to require an increase or allow a decrease in insurance limits or coverage based on the risks and financial exposure arising out of the event or activity proposed in the permit application.
2. Comply with Environmental Laws.
 - a. Environmental Laws refer collectively to any and all federal, state, or local statute, law, ordinance, code, rule, regulation, permit, order or decree regulating, relating to, or imposing liability or standards of conduct on a person discharging, releasing or threatening to discharge or release or causing the discharge or release of any hazardous or solid waste or any hazardous substance, pollutant, contaminant, water, wastewater or stormwater, and specifically includes, but is not limited to: The Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act; the Comprehensive Environmental Response, Compensation and Liability Act, as amended; the Toxic Substances Control Act; the Clean Water Act (CWA); the Clean Air Act; the Occupational Safety and Health Act; the Arizona Water Quality Act Revolving Fund Act, the Arizona Hazardous Waste Management Act, any applicable National Pollutant Discharge Elimination System (NPDES) or Arizona Pollution Discharge Elimination System (AZPDES) permit, any applicable CWA Section 404 permit, or any local pretreatment or environmental nuisance ordinance.
 - b. The Permittee (and/or their agent) specifically agree that in the course of performing any activity for which this Permit is necessary:
 - I. Shall comply with any and all Environmental Laws;
 - II. Ensure that no activity under this Permit shall cause ADOT to be in violation of any Environmental Laws;
 - III. Indemnify ADOT for any losses, damages, expenses, penalties, liabilities or claims of any nature whatsoever suffered by or asserted against ADOT.
 - c. If the Permittee fails or refuses to comply with any Environmental Laws, or causes ADOT to be in violation of any Environmental Laws; ADOT may at its sole and unreviewable discretion, (1) revoke this Permit; (2) require the Permittee to undertake corrective or remedial action to address any release or threatened release or discharge of the hazardous substance, pollutant or contaminant, water, wastewater or storm water; and (3) expressly consents to entry of injunctive relief to enforce any listed remedies.
3. Be responsible for any repair or maintenance work and repair any aspect or condition of the encroachment that causes danger or hazard to the traveling public, for the duration of the encroachment and must perform such work under the appropriate encroachment permit authorization.
4. Comply with ADOT's traffic control standards with an ADOT approved traffic control plan.
5. In any case and at the Department's discretion; ADOT may require written approval from the abutting property owner prior to issuance of the encroachment permit. If the encroachment encroaches on abutting property owned by someone other than the permittee (and/or on underlying fee land owned by someone other than the permittee where ADOT owns its right of way by easement), the Permittee must obtain written approval from the abutting property owner (and/or underlying fee owner where ADOT owns its right of way by easement).
6. ADOT reserves the right to require the permittee to perform any repairs necessary to address damages caused by the encroachment throughout the life of the encroachment.
7. Remove the encroachment and restore repair the portions of the right-of-way that were damaged as a result of the encroachment to substantially the same condition as existed prior to the damage if ADOT cancels the encroachment permit, and terminates all rights under the permit, or if the project terminates for any reason beyond ADOT's control.
8. Reimburse ADOT for costs incurred or deposit with ADOT money necessary to cover all costs incurred for activities related to the encroachment, such as inspections, restoring and/or repairing portions of the right-of-way damaged by the encroachment to substantially the same condition as existed prior to the damage, removing the encroachment, or repair encroachment to originally permitted condition and comply with ADOT's bond policy as applicable.
9. Notify new owners of property or encroachment to apply for an ADOT encroachment permit, as required by Arizona Administrative Rule R17-3-502(D).
10. Apply for a new encroachment permit if the use of the permitted encroachment or the use of adjoining property changes.
11. Keep a copy of the encroachment permit at the work site or site of encroachment activity.
12. Construct the encroachment according to attached Specifications, Standards and the plans approved by ADOT as part of the final permit; any field changes shall be approved by ADOT prior to implementation.
13. Obtain all required permits from other government agencies or political subdivisions.
14. Remove any defective materials, or materials that fail to pass ADOT's final inspection, and replace them with materials ADOT specifies.
15. Have the right to a hearing as prescribed in Arizona Administrative Code, R17-3-509 if the permit application is denied.
16. Understand that once issued, the permit is revocable and subject to modification or abrogation by ADOT at any time, without prejudice.
17. Following the installation or relocation of utilities within ADOT Rights-of-Way, utility companies are required to provide as-built drawings.
18. Certify that the Permittee shall secure overlap approval on existing poles from the utility company pole owner. I certify I have written approval as necessary or have verified no approvals are required or needed. Initial AB
19. Certify that the Permittee shall secure from the existing utility owner to enter the existing sleeve, conduit, inner duct, cabinets, handholes or manholes to install additional infrastructure as noted on Page 1. I certify I have written approval as necessary or have verified no approvals are required or needed. Initial AB
20. Where ADOT holds an easement interest, certify the Permittee has written approval from any underlying fee owner to include government entities, political subdivisions, and private property owners. I certify I have written approval as necessary or have verified no approvals are required or needed. Initial AB
21. The Permittee shall: In the event of a future relocation, reimburse the Department for any damages caused by the failure of the permittee to relocate the utility on or before the relocation date provided by the Department

SPECIFICATIONS PERMIT 1208543

NO WORK SHALL BEGIN PRIOR TO NOTIFICATION OF PROPER AUTHORITIES. NOTIFY AREA INSPECTOR 10 BUSINESS DAYS PRIOR TO START OR WORK AND WITHIN 3 DAYS AFTER COMPLETION FOR FINAL INSPECTION. *FAILURE TO COMPLY WITH THIS REQUIREMENT WILL RESULT IN WORK STOPPAGE.*

IN CASE OF THE EVICTION OF LICENSEE BY ANYONE OWNING OR CLAIMING TITLE TO OR ANY INTEREST IN SAID PREMISES, OR ANY PART THEREOF, STATE SHALL NOT BE LIABLE TO LICENSEE FOR ANY DAMAGE OF ANY NATURE WHATSOEVER, OR TO REFUND ANY MONEYS PAID HEREUNDER.

WITH THE ACCEPTANCE OF THIS PERMIT, THE PERMITTEE AGREES TO ALL THE CONDITIONS AS DESCRIBED HEREIN. **IF THE PERMITTEE DOES NOT AGREE TO ALL THE CONDITIONS AS OUTLINED, THE PERMIT MUST BE RETURNED TO THE PHOENIX MAINTENANCE DISTRICT PERMITS OFFICE.** NO WORK WILL BE ALLOWED TO TAKE PLACE INSIDE THE RIGHT OF WAY WITHOUT A VALID PERMIT.

ALL WORK SHALL BE DONE IN ACCORDANCE WITH CURRENT ARIZONA DEPARTMENT OF TRANSPORTATION STANDARD SPECIFICATIONS and work will be inspected by the Department of Transportation.

Each party (as 'indemnitor') agrees to indemnify, defend, and hold harmless the other party (as 'indemnitee') from and against any and all claims, losses, liability, costs, or expenses (including reasonable attorney's fees) (hereinafter collectively referred to as 'claims') arising out of bodily injury of any person (including death) or property damage but only to the extent that such claims which result in vicarious/derivative liability to the indemnitee, are caused by the act, omission, negligence, misconduct or other fault of the indemnitor, its officer, officials, agents employees, or volunteers.

Survey markers and monuments shall be preserved in their original positions. These monuments include, but are not limited to, Section line monuments, Right of Way markers, roadway monuments, and geodetic control stations established by the USC&GS, NGS, and USGS. Any survey markers or monuments disturbed during the execution of the Permits shall be repaired and/or replaced immediately at no cost to the Department. The relevant standards and procedures established by the Arizona State Board of Technical Registration, Arizona Statutes, the U.S. Department of Interior's Manual of Instructions for the Survey of Public Lands, the National Geodetic Survey's procedures, and Department Right of Way policies shall be adhered to when re-setting survey monuments or markers. The Permittee shall mark and inspect markers and monuments for damage prior to any permitted work. The Permittee shall notify the Department immediately to eliminate liability. Unless otherwise stated by the Department, the Permittee shall not perform any construction activity within five feet of the survey marker or monument.

BLUE STAKE PERMIT SPECIFICATIONS:

The Permittee is responsible for understanding and complying with the Arizona Revised Statutes Title 40, Chapter 2, Article 6.3 Underground Facilities.

The Permittee shall call the Arizona Blue Stake Center at 602 623-1100 or 811, (2) two working days before excavation is scheduled to commence and shall limit the request to an area that can be reasonably excavated within the validity period of the markings. The Permittee shall white line the area of excavation or running line of the installation prior to calling for Blue Stake.

The permittee shall excavate in a “careful and prudent manner” meaning conducting an excavation in such a way that when the excavation is less than or equal to 24” inches from an underground facility that it is marked with stakes or paint or some customary manner, the facility is carefully exposed with hand tools, and the uncovered facility is supported and protected.

The permittee shall, when requested by a representative of the Arizona Department of Transportation, provide mobile traffic control or crash vehicle at permittee’s cost to shadow the utility locator while completing the requested utility locate.

The permittee shall assume full responsibility for locating of any underground utilities or other facilities located within the ADOT ROW and will be responsible for any damage. Blue Staking will not relieve the permittee of responsibility or liability for damage to ADOT facilities.

If any underground facility is damaged by the permittee or delegate as a result of failing to obtain information as to its location, failing to take measures for the protection of the facility or failing to excavate in a careful and prudent manner, the person is liable to the owner of the underground facility for the total cost of the repair of the facility, loss of use, loss of product and all costs associated with the repair of the facility.

The permittee shall place warning tape in all trenches in which new conduit/pipe is placed. All warning tape shall be buried at a depth of six to eight inches below finished grade. The tape shall have the printed message warning of the location of the underground conduits / pipes / wire. The message shall be in permanent ink specifically formulated for prolonged underground use shall bear the words appropriate to the facility. The following are examples and the list is not all inclusive:

- “Caution electric line buried below” in black letter on a red background
- “Caution gas line buried below” in black letters on yellow background
- “Caution Fiber Optic line buried below” in black letter on orange background
- “Caution telephone line buried below” in black letters on orange background
- “Caution cable television line buried below” in black letter on orange background
- “Caution water line buried below” in black letters on a blue background
- “Caution sewer line buried below” in black letter on a green background

Permittee shall comply with section 104.15 (Providing Magnetic Detection for Underground Facilities) of the Arizona Department of Transportation Standards & Specifications for Road and Bridge Construction.

LANDSCAPE:

All landscaping is to be restored to original or better condition and to the satisfaction of the ADOT inspector.

Permittee shall repair and/or replace any damaged or removed plant material or irrigation system components caused by his portion of work to the satisfaction of the landscape inspector on site. All irrigation lines that will travel under the proposed asphalt paving and/or building must be in proper sleeves. Remote control valve wires shall be labeled and placed in conduit inside sleeves, with splices set in the approved plastic valve boxes at each end of the sleeve/s. The grade shall be re-graded to the original and/or match the adjacent finished grade, with all disturbed granite mulch brought back into place to match the existing.

Upon completion of the work, it is the Permittee's responsibility to certify on the originally submitted plans that the permitted work has been completed as shown.

Vertical drops running adjacent to the roadway shall not be left open overnight without proper barricades.

OPEN HOLES SHALL NOT BE LEFT UNATTENDED OR UNPROTECTED AT ANY TIME WHATSOEVER.

Upon completion, the Permittee shall be responsible for seeing that all surplus material has been removed from the Right of Way, the work area has been neatly graded and that no berms or depressions remain.

The Permittee shall, when requested by a representative of the Arizona Department of Transportation, provide documentation for their materials and testing.

All traffic shall be maintained through the work area and protected in accordance with the requirements of the Manual on Uniform Traffic Control Devices (as revised, including future revisions) and the Department's Traffic Control Manual for Highway Construction and Maintenance (as revised, including future revisions). All signs, placement of signs, and the necessity of using flagmen is the responsibility of the Permittee.

Both publications may be purchased from:

- ADOT Records Administration Section - Engineering Records, Room 112F, 1655 West Jackson Street - Phoenix, Arizona – 85007
- The ADOT Traffic Control Manual is Publication No. 33-003. The Manual on Uniform Traffic Control Devices is Publication No. 30-001.

NOTE: A MINIMUM OF TWO ADVANCED WARNING SIGNS SHALL BE INSTALLED, ALONG WITH NORMAL BARRICADING

When work is not in progress all unnecessary signs and supports shall be removed from roadway.

NO VEHICLES/EQUIPMENT MAY BE LEFT IN RIGHT OF WAY WHEN WORK IS NOT IN PROGRESS.

Double fines for speed in work zones. ALL TRAFFIC CONTROL SETUPS SHALL INCLUDE THESE SIGNS.

Any traffic control plan revisions must be submitted a minimum of 5 business days in advance of work activities.

Traffic control plans affecting construction within ADOT right of way **must** be submitted to ADOT's Regional Traffic Engineer's office for review and approval 5 business days in advance of scheduled construction activities. This will allow adequate time for review or modification of traffic control plans, and also posting on ADOT's road closure report.

Archaeological Clearance Notification

Cultural survey specifications and responsibilities:

In accordance with the Arizona State Historic Preservation Act, ADOT must consider the effects of its actions, including the issuance of permits, on historic properties. It is the Permittee’s responsibility to obtain documents indicating that the proposed permit would not affect historic properties or, if it would affect such properties, to provide documentation attesting to the mitigation of those effects, prior to beginning excavation work within ADOT Rights of Ways. Such documentation may include concurrence on the effect from the State Historic Preservation Office or a data recovery plan approved by the Arizona State Museum (in the case of mitigative data recovery).

Archaeological Features:

The attention of the Permittee is directed to the Arizona Revised Statutes §41-841 through 846 and §41-861 through 865. Violation of A.R.S §41-841 through 845 is a Class 2 misdemeanor. Violation of A.R.S. §41-861 through 865 can be classified as either a Class 1 misdemeanor or a Class 5 felony.

Section 6(a) of the Federal Archaeological Resources Protection Act of 1979 specifies that no person may excavate, remove, damage or otherwise alter or deface any archaeological resource located on public (Federal) lands or Indian lands unless such activity is pursuant to a permit issued under Section 4 of the Act. Violations of this act are considered a felony, and are punishable by fine and imprisonment.

Although the permittee will be responsible to make every effort prior to construction to identify all cultural resources in a permit area, previously unidentified archaeological materials could be found during the construction of the permit. When historic or archaeological features are encountered or discovered during any activity related to construction of the permit, the permittee shall stop work immediately at that location, and shall take all reasonable steps to secure the preservation of those features.

The permittee shall immediately contact ADOT’s Historic Preservation Team, listed below and the ADOT District Permits Office that issued the permit and make arrangements for the proper treatment of such resources. The permittee shall not resume work until he/she is so directed by the Arizona Department of Transportation.
